TRADITIONAL STONE
CRAFTSMANSHIP FROM
TAMIL NADU

Stone Pillar

Harshan Services manufactures high-quality stone pillars crafted using traditional techniques and premium natural stone. Our stone pillars are widely used in temples, heritage buildings, residential projects, and commercial constructions. Known for their exceptional strength, durability, and timeless aesthetic, these pillars provide long-lasting structural support while enhancing architectural beauty.

Stone Slab Flooring

Our stone slab flooring is made from carefully selected natural stone, offering superior strength and an authentic traditional finish. These slabs are ideal for both indoor and outdoor use and are valued for their resistance to wear, weather, and heavy foot traffic. Each slab is processed to ensure uniform thickness and long service life.

Stone Bench

Harshan Services produces durable stone benches designed for long-term outdoor and heavy-use environments. Crafted from solid stone, these benches combine functionality with traditional elegance, making them suitable for temples, gardens, parks, and public spaces.

Ural (Stone Mortar)

The stone ural is a traditional kitchen essential, handcrafted to ensure strength and stability. Made from high-quality stone, it is ideal for pounding grains, spices, and herbs while preserving natural flavors. Our urals are known for their solid build and long-lasting performance.

Ammikal (Grinding Stone)

Harshan Services offers classic ammikal grinding stones crafted to deliver smooth and consistent grinding. Widely used in South Indian households, ammikal helps retain the natural taste and nutritional value of ingredients. Each piece reflects traditional craftsmanship and superior quality.

Attukal (Stone Pestle)

Our attukal is precisely carved to provide comfortable grip and efficient grinding. Manufactured using premium stone, it is designed for daily kitchen use and traditional food preparation. The smooth finish ensures ease of use while maintaining authenticity.
